Modern Sofas with Showy Details

GIORMANI 
Black Label

Thanks to the special structure of stainless steel, you can "see-through"
the beauty of Model MERANO from more angles.

MERANO 0060

Stainless steel gives an impression of strength. Model MERANO's design of double stainless steel bars adds the element of slim & elegant to the strong structure.

MERANO 0060

The continuation of the sofa feet brings the unique design characteristics of Model MERANO to almost every facet of the sofa set.

Thanks to the special structure of stainless steel, you can "see-through" the beauty of Model MERANO from more angles.

The small tempered-glass side table (MTG1) and the matching (tempered glass) coffee table (MTG3) are optional items.

The design concept of the feet which run all the way from the front (through the base) to the back expresses the beauty of Model MERANO also from the front to the back.

EMILIA II 0066

EMILIA II 0066

The extraordinary shape of the stainless steel feet matches perfectly with the special "double-arm" design.

The stool of Model EMILIA II also possesses the matching "double-stitching" patterns on top.

EMILIA II 0066

The unique "double-stitching" patterns on both the back and seat cushion tops offer an alternative to modern minimalism.

The reliable German-made mechanisms allow the sofa backs to move up and down and fix at various positions.

The German mechanisms offer good support on your back and head as well as the beauty of a medium-low back sofa set.

EMILIA I 0065

Model EMILIA I always gives the fans of modern minimalism an option of the clean-cut design.

VITTORIO 0069

Model VITTORIO is much more than a conventional high back sofa set. The generally round design concept adds modern design elements and the comfort of modern sofas to Model VITTORIO.

VITTORIO 0069 3RA90  SXLHM

The new German-made mechanisms allows the upper back of the sofa to be moved and stationary within a practical range without fixed positions.

Thanks to the latest German technical advancement, the seat sliding mechanisms become smoother with metal glides. Also, a special click function at the closing position which prevents the seat from sliding out when it is closed.

1D90

The seats of Model VITTORIO run all the way from the top to the bottom. This special feature offers seat comfort and soft touch of leather all the way from the thighs to the lower part of your legs.

VITTORIO 0069

Every individual sofa back has an independent mechanism at the top. It allows personal preference for each person sitting on different seats of the sofa set.

The German engineering skill on the mechanisms ensures the smoothness and reliability of the functions.
