PERINI 0136

The slightly round-shape as the general outline of Model PERINI offers a design alternative for those who want something different from the conventional square-look on European modern style sofas.

Optional coffee table (no. STG2W) comes with a black or white painted tempered glass top.

PERINI 0136

Being inspired by the shape of a pyramid upside-down, the seat frame base of Model PERINI gives you a fresh-new look of modern contemporary sofa style.

Optional head rest (no. HR2) delivers extra comfort.

PERO 0133

ST2

PERO 0133

Optional stool (no. ST2) comes with matching designs.

German-engineered sliding seat mechanisms offer extra seat depth for different sitting preferences

PERO 0133

Model PERO has feather-swapped structure underneath the leather cover at most parts of the sofas where you touch. It offers you the conventional square-look of the modern European sofa style, and at the same time, the comfort of being “hugged” by soft genuine leather and feather everywhere you sit.

The head mechanisms run up-and-down vertically with German-made gas lifts making the motion smooth and easy-to-operate.

Square-shaped stainless-steel tubes are uniquely placed underneath the sofa arms. It gives a smoother and perfect look at the sofa base when everything ends at the same level.

ADRIA 0132

4RA90

SXLHM

The slightly round-shape as the general outline of Model ADRIA offers a design alternative for those who want something different from the conventional square-look on European modern style sofas.

Optional coffee table (no. STG2W) comes with matching designs and a black or white painted (tempered) glass top.

Head mechanisms supplied by Italian specialists deliver extra comfort on head and shoulders.

German-engineered sliding seat mechanisms offer extra seat depth for different sitting preferences

ADRIA 0132

Tufted arm exteriors and seat tops give highlights to the model.

FORETTI M0142

4RAHM

SXLHM

FORETTI M0142

Being inspired by the western living-room furniture style in the 50s/60s, Model FORETTI has the design characteristics of slim & tight arms, extra-tall legs, low back and squares-on-seats.

The tufting effect, only on the seat top, is a feature for those who are fond of detail craftsmanship on sofas.

To give the modern seating comfort to this old-times inspired model, the flip-up head mechanisms (being supplied by Italian specialists) are the feature which certainly did not exist in the good old days.

Optional coffee table (no. MTC8) comes with the matching design of the solid stainless “double” legs and a tempered glass top.

The slim and strong (stainless steel) “double” legs match perfectly with the slim & clean design of the sofa arm and seat frame.

Being inspired by the western living room furniture style in the 50s/60s, Model FORETTI has the design characteristics of slim & tight arms, extra-tall legs, low back and squares-on-seats.

FORETTI H0142

To give the modern seating comfort to this old-times inspired model, the flip-up head mechanisms (being supplied by Italian specialists) are the feature which certainly did not exist in the good old days.

The tufting effect, only on the seat top, is a feature for those who are fond of detail craftsmanship on sofas.

FORETTI H0142 4DHM

The slim and strong (solid wood in wenge color) “double” legs match perfectly with the slim & clean design of the sofa arm and seat frame. The leg is a one-piece wooden panel that runs all the way from the front to the back of the sofa.

TOLENTINO 0134

4RASM

SXL

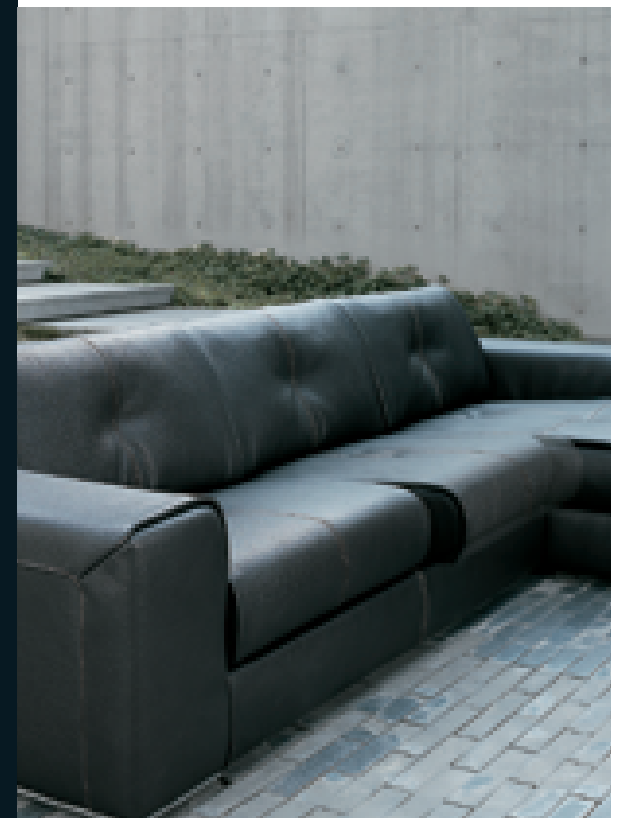

Model TOLENTINO was designed particularly for sofas being made with ultra-thick (around 3mm) leather.

Solid stainless steel support at the back of every back cushion is decorative and uptrend.

Optional head rest (no. HR2) delivers extra comfort.

German-engineered sliding seat mechanisms offer extra seat depth for different sitting preferences.

Optional stool (no. ST2) comes with matching designs.

Both back and seat cushions are tufted to create a nice pitch for comfortable seating.

3mm ultra-thick leather is “folded” (instead of sewed) at the edges of sofa arms and cushions.

The leather being “folded” at the cushion edges creates a stunning appearance which can only be achieved with ultra-thick materials.

Trendy round stainless-steel tube base surrounding the sofa arm exterior.

LEVICE II 0138

4RASM

SXL

The tufting effect, only on the seat top, is an alternative for those who are fond of detail craftsmanship on sofas.

Model LEVICE II has the outline of a conventional European modern style sofa set which makes it easy to match any modern style living room setting. Within the conventional, several uptrend elements are found.

The one-piece clean look of the seat front differentiates Model LEVICE II from the ordinary look of many other sofas which usually have layers of seat cushions, frame and base.

Optional coffee table (no. MTG3) comes with the matching design of solid stainless legs and a tempered glass top.

Optional head rest (no. HR2) delivers extra comfort.

The up-side-down U-shape solid stainless steel fixture at the arm front highlights the design uniqueness of Model LEVICE II.

German-engineered sliding seat mechanisms offer extra seat depth for different sitting preferences.

The clean and contemporary style of Model LEVICE I makes it perfect for ultra-thick leather (around 3mm).

The luxury of 3mm ultra-thick leather on a clean & uptrend style creates an exceptional balance of “minimalism” and “luxury.”

LEVICE I 0137

German-engineered sliding seat mechanisms offer extra seat depth for different sitting preferences.
