Edition 21.08.2024

Errors and amendments excepted. Our General Terms and Conditions are effective. / WEEE-Reg.-No. DE 69718127

## DESIGN

### CONSTRUCTIVE DESIGN

All the materials used correspond to the requirements according to RAL-GZ 430/4.

Fully upholstered suite, metal base frame

Seat upholstery structure: rubber straps, polystyrene foam VW 40, 70% foam sticks VW 40, 30% silic. hollow fiber, Diolen

Back upholstery structure fixed: rubber straps, polystyrene foam, Diolen

Back cushion upholstery structure (fixed with zipper): polystyrene foam, 70% foam sticks VW 40, 30% silic. hollow fiber, Diolen

### UPHOLSTERY VERY CASUAL

With casual upholsteries you are rather sitting „in the sofa“ than on it, the upholstery snuggles. A particularly casual upholstery is characterized by a very comfortable and soft surface. Even when new or after initial use, the covers can show a clearly visible wave pattern on the seat, back and armrests, which is unavoidable due to the design, construction and material and will increase with use. The size of the sewn covers also has a similar influence on sinking and cover stretching. The softer the upholstery and the larger the seat surface, the greater the sinking in and ultimately the cover stretching. This high quality upholstery with bay quilting contains a flexible mixture out of loose filling material as foam sticks and/or plumes that enables a point adaptation to the body. For this the fillings are worked in separate bays that according to the cover come more or less apparent. Sitzmarks are due to model and design typical.

Slight differences in seat firmness with add-on groups are according to construction and therefore constitute no reason for complaint.

### BACK TENSIONING SECTIONS

All back tensioning sections are supplied as standard with the original cover.

## COVERING MATERIALS

You may find the information concerning the specific properties of the covering materials on the sample labels.

## INDICATIONS OF DIMENSIONS AND REQUIREMENTS

All the values given are approximate values: dimensions in centimetres, material requirements in metres, leather requirements in square metres.

## MODEL VERSIONS

**HARLIE 1** is produced with covered plateau and if desired two different covering materials can be combined.

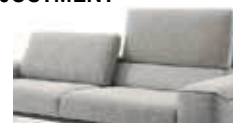

**HARLIE 2** is produced with solid wooden frame.

**Please note:** HARLIE 1 and HARLIE 2 can't be combined with each other!

## FUNCTIONS

### FUNCTIONAL BACK FOR SEAT DEPTH ADJUSTMENT

With each element the back can be manually raised. Thereby the seat depth is enlarged up to 14 cm. The sofa becomes a high back.

## LEGS

Angle leg no.1 (23 cm high) optionally available in:

- nickel satined (stainless steel optics)
- metal powder-coated black mat

from the left to the right:

Sword runner no. 2 (23 cm high) optionally available in:

- nickel satined (stainless steel optics)
- metal powder-coated black mat

from the left to the right:

Edition 21.08.2024

Errors and amendments excepted. Our General Terms and Conditions are effective.

## COVERING COMBINATION WITH HARLIE 1

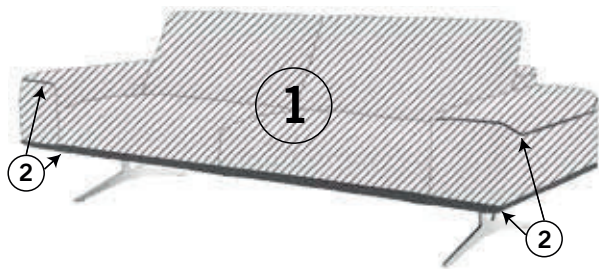

**HARLIE 1** is produced with covered frame.

If desired two different covers can be combined with HARLIE 1.

Here must be indicated the respectively desired covering material with cover part 1 and cover part 2.

 cover part 1: seat, back, armr. as well as all tensioning sections

 cover part 2 in leather and 13-BISON: frame and cover inlay armrest

**Following cover combinations are possible:**

- |                            |   |
|----------------------------|---|
| – Cover part 1 in fabric   | cover part 2 in 13-BISON or leather   |
| – Cover part 1 in 13-BISON | cover part 2 in 13-BISON  |
| – Cover part 1 in leather  | cover part 2 in leather (combination only possible in one leather resp. price category) |

### Pricing:

Price calculation in general cover part 1

### Exception:

CP1 in fabric and CP2 in leather (extra charge see price sheet)

Fabric- and leather requirement of each cover part on request.

**By combining two covering materials please note the following restraints:**

With cover combinations the cover part 2 can only be produced in leather or 13-BISON.

A processing in fabric is not possible with cover part 2!

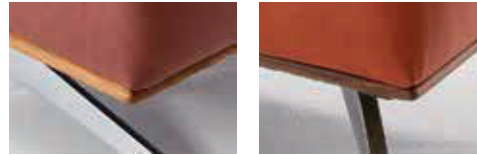

## SOLID WOODEN FRAME WITH HARLIE 2

**HARLIE 2** is produced with solid wooden frame.

Solid wooden frame (UV laminated with oil effect) optionally available in:

- wild oak natural
- walnut

from the left to the right:

## SEAM

Depending on the model the seam on fabric covers may be different from leather covers especially on fitted items. Decorative leather seam (as lapped felling or double seams) may be omitted depending on the model according to suitability of the fabric covering material.

**Please note:** With production of the complete suite in fabric (exception 13-BISON) the cover inlay in the armrest is not applicable.

Seam fabric

Seam leather and fabric 13-BISON

Edition 21.08.2024

Errors and amendments excepted. Our General Terms and Conditions are effective.

## CONTRAST STITCHING

The production is carried out either **with contrast stitching** or with a **thread (tone on tone)** matching the leather in terms of colour.

### CONTRAST STITCHING

With leather covers, with fabric-leather-combinations (**HARLIE 1**) and with fabric 13-BISON a **contrast thread colour** must be explicitly chosen.

With bicoloured covers the thread colour will be worked on the front and on the rear side (**HARLIE 1**).

Unfortunately with fabric and microfiber covers without leather part a processing with contrast stitching is not possible (**Exception 13-BISON**).

### THREAD TONE ON TONE

The model is worked with a thread matching the cover in terms of colour (tone on tone).

**HARLIE 1:** With bicoloured covers and with fabric-leather-combinations the matching thread will be automatically worked on the front and on the rear side.

## ORDER CHECK LIST

### HARLIE 1:

Please pay attention to the following issues respectively to complete specification when ordering:

- **combination** (HARLIE 1 with covered frame)
- **covering material**, with combination of covering materials **covering material per cover part**
- with leather covers and fabric-leather combinations **production with or without contrast stitching**
- with version with contrast stitching **colour of contrast thread leg version**; also **finish**

### HARLIE 2:

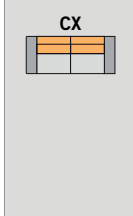

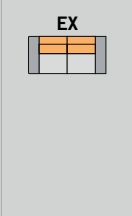

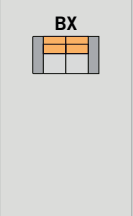

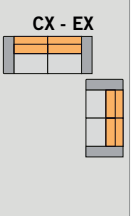

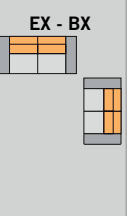

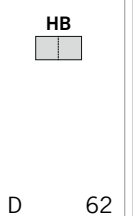

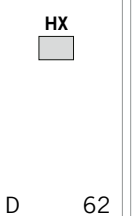

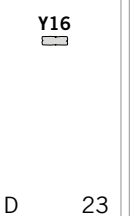

Please pay attention to the following issues respectively to complete specification when ordering:

- **combination** (HARLIE 2 with solid wooden frame)
- **covering material**
- with leather covers: **production with or without contrast stitching**
- with version with contrast stitching **colour of contrast thread leg version**; also **finish**
- **finish of solid wooden frame**

Errors and amendments excepted. Our General Terms and Conditions are effective.

**WITH COVERED FRAME AND MANUAL SEAT DEPTH ADJUSTMENT** By adjustment of the back function the total height is enlarged up to 19 cm, the total depth up to 4 cm and the seat depth up to 14 cm.
