

Please also note our general details and sales information

Edition 20.08.2024

Errors and amendments excepted. Our General Terms and Conditions are effective. / WEEE-Reg.-No. DE 69718127

DESIGN

CONSTRUCTIVE DESIGN

All the materials used correspond to the requirements according to RAL-GZ 430/4.

Cantilever armchair, metal frame

Seat upholstery structure: rubber straps, cold foam VW 35, Diolen

Back upholstery structure: rubber straps, polystyrene foam, Diolen

UPHOLSTERY CASUAL / LOOSE

With casual upholsteries you are rather sitting „in the sofa“ than on it, the upholstery snuggles. A casual/loose upholstery is characterized by a smooth upholstery structure. The cover is not wavel-ess. The ridge of the covers on the seat, back and armrests as well as sitzmarks due to the model and design are typical.

BACK TENSIONING SECTIONS

All back tensioning sections are supplied as standard with the original cover.

FUNCTIONS

Cantilever with extra long spring deflection by an innovative designed metal tube frame that is connected with the comfortable seat at only one point.

FUNCTIONAL HEAD PIECE WITH VHS AND V1HS

The head piece is adjustable by a ratchet mechanism that allows different positions.

ARMREST

Cantilever VHS and VS:

The armrest will be produced according to the main cover of the current KOINOR Collection.

With production in fabric the armrest is always delivered in leather C Tara CLASSIC crow.

Cantilever V1HS and V1S:

Armrest solid wood optionally available in:

- walnut (oiled)
- wild oak (oiled)

LEGS

Metal frame optionally available in:

- shiny chrome
- stainless steel
- structural black mat

SEAM

Depending on the model, the seam on leather covers may be different from fabric covers, especially on fitted items. Decorative leather seam (as felled seams or double seams) may be omitted depending on the model according to suitability of the fabric covering material.

The model is solely worked with selvedge seam.

INDICATIONS OF DIMENSIONS AND REQUIREMENTS

All the values given are approximate values: dimensions in centimetres, material requirements in metres, leather requirements in square metres.

COVERING MATERIALS

You may find the information concerning the specific properties of the covering materials on the sample labels.

Please note: This cantilever can be weighted up to maximum 125 kg body weight. A permanent functioning of this upholstery can only be warranted by correct use. Avoid exceeding effort (e.g. by sitting down), don't weight onesided.

ORDER CHECK LIST

Please pay attention to the following issues respectively to complete specifications when ordering:

- **article / combination**
- **covering material**
- with V1HS and V1S **finish of armrest**
- **finish of metal frame**

Errors and amendments excepted. Our General Terms and Conditions are effective.

WITH FUNCTIONAL HEAD PIECE Cantilever armchair high back VHS and V1HS with adjustable head piece. By moving the head piece forward the total height is reduced up to 2 cm and the total depth up to 3 cm.
